

# Agri SA Water Symposium

## AGRICULTURE'S WATER CHALLENGES

DRILLING FOR SOLUTIONS

The availability and quality of South Africa's water resources for the agricultural sector is under threat. Agri SA wishes to host a Water Colloquium to allow the entire value chain to discuss the current concerns and future scenarios as it relates to agriculture's most important natural resource, WATER.

**DATE & TIME** | 26 August 2019 | 09:00 - 15:00

**VENUE** | NH Lord Charles Hotel  
Broadway Blvd (R44) and Main Rd (M9) | Somerset West | Western Cape
